**FEEDING INSTRUCTIONS**

Fill your cat's bowl with the recommended measured amount every morning and allow your cat to eat on a "free choice" basis throughout the day, rather than as a single feeding at mealtime. Monitor your cat's weight and adjust food amount accordingly.

#### IT'S NOT FOR ALL CATS

Purina ONE True Instinct Natural Grain Free With Real Ocean Whitefish With Vitamins, Minerals & Nutrients is specifically formulated for adult cats. If you have a kitten, or a pregnant or nursing cat, feed Purina ONE Healthy Kitten Formula.

#### MAKING THE SWITCH TO PURINA ONE

Although you'll be anxious to see the difference Purina ONE can make in your cat, please allow 7 - 10 days to ease the transition from your cat's current food. Each day, simply feed a little less of the previous food and a little more Purina ONE until you're feeding Purina ONE exclusively. This gradual transition will help avoid dietary upsets.

#### NO SUPPLEMENTS NECESSARY

Purina ONE provides 100% complete and balanced nutrition for maintenance of adult cats. There is no need to add vitamins, minerals or other supplements, unless specifically directed by a veterinarian.

#### FRESH WATER, PROPER DIET & VETERINARY CARE

Be sure to provide fresh water in a clean container for your cat daily. Proper diet, exercise and veterinary care are the best ways to keep your cat healthy. If your cat hasn't had a check-up in the past year, please make an appointment today.
