RECOMMENDED DAILY FEEDING AMOUNTS

Adult Dog Size		Feeding Amount	
(lbs)	(kgs)	(cups)	(grams)
3 - 12	1.4 - 5.4	1/2 to 1-1/8	51 - 116
13 - 20	5.9 - 9.1	1-1/4 to 1-2/3	128 - 171

FEEDING ADULT DOGS

The recommended feeding amounts are based on using a standard 8 oz/250 ml measuring cup which contains approximately 102 g of Beneful Incredibites With Farm-Raised Beef. Most adult dogs can be fed once daily. However, when high activity or other factors create a higher feed intake, twice-a-day feeding is recommended. Dogs should be maintained in ideal body condition and not be allowed to become overweight. The food intake required to maintain ideal body condition will vary, depending on age, activity and environment. Consequently, the amount of food required for each dog will vary and should be adjusted accordingly. The daily feeding amount can be divided into 2-3 smaller servings throughout the day.

FEEDING TIP

When switching your dog to Beneful Incredibites dog food, please allow 7 - 10 days for the transition. Gradually add more Beneful Incredibites and less of the previous food to your dog's dish each day until the changeover is complete. This gradual transition will help avoid dietary upsets.

Provide adequate fresh water in a clean container daily.

For your pet's health, see your veterinarian regularly.
