Kit & Kaboodle Original is formulated to meet the nutritional levels established by the AAFCO Cat Food Nutrient Profiles for maintenance of adult cats.

RECOMMENDED DAILY FEEDING AMOUNTS

Weight (lbs)	Feeding Amount (cups)
5 - 9	1/3 to 2/3
10 - 14	2/3 to 3/4

Using a standard 8 oz measuring cup

FEEDING ADULT CATS

Feed 1/2 the indicated amount twice a day. Or, you can fill the bowl with the entire amount every morning. Some cats will eat more or less, depending on their age, weight and size. Feed to maintain ideal body condition.

FEEDING TIP

Changes in your cat's diet should be made gradually to allow your cat to become accustomed to a new food. Substitute small amounts of the new food for the old food, gradually increasing the amount of the new food while decreasing the old food, over a period of 7 - 10 days. This gradual transition will help avoid dietary upsets.

Provide adequate fresh water in a clean container daily.

For your pet's health, see your veterinarian regularly.
