### FEEDING INSTRUCTIONS

Feed Beneful Snackers as a treat or reward for your adult dog. For the safety of your pet, always supervise when feeding. Limit feeding to 1 treat for every 10 pounds of body weight per day, not to exceed 5 treats per day. The caloric intake from treats should not exceed 10% of a dog's total daily caloric requirement. If treats are given, the amount of food should be reduced accordingly. Provide fresh, clean water at all times and reseal the package after feeding to preserve freshness. For your pet's health, see your veterinarian regularly.
