Cautions: If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Absorption of drugs taken simultaneously may be delayed. Safe use in pregnant animals or animals intended for breeding has not been proven. An examination from a veterinarian is recommended prior to using this product.

For use in cats only.

Recommended to assist in the management of cats with occasional diarrhea.

Directions for Use: Administer 1 FortiFlora Response stick pack per 20 lb body weight every 8 hours for up to 72 hours. For continued microbiome support, transition to FortiFlora PRO sachets and administer one sachet daily or as directed by your veterinarian. Contact your veterinarian if cat's diarrhea does not improve within 72 hours.

Warnings: Not for human consumption. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately.
