Cautions: If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Absorption of drugs taken simultaneously may be delayed. Safe use in pregnant animals or animals intended for breeding has not been proven. An examination from a veterinarian is recommended prior to using this product.

For use in dogs only.

Recommended to assist in the management of dogs with occasional diarrhea.

Directions for Use: Administer FortiFlora Response stick packs as directed every 8 hours for up to 72 hours, then transition pet to FortiFlora PRO sachets for continued microbiome support. Contact your veterinarian if pet's diarrhea does not improve within 72 hours.

Directions for Use (stick pack):

Body Weight	Number of Packets/8-h
1 - 20 lb	1
21 - 40 lb	2

Directions for Use (sachet): Administer one sachet daily or as directed by your veterinarian.

Warnings: Not for human consumption. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately.
