W462525

Manufactured by: Nestlé Purina PetCare Company, St. Louis, MO 63164 USA

Animal feeding tests using AAFCO procedures substantiate that Pro Plan Adult Urinary Tract Health Chicken & Rice Formula provides complete and balanced nutrition for maintenance of adult cats.

RECOMMENDED DAILY FEEDING AMOUNTS

Weight (lbs)	(kg)	Feeding Amount (cups)	(grams)
5-9	2.3 - 4.1	1/3 to 1/2	37 - 56
10-14	4.5 - 6.3	2/3 to 1	75 - 112

Using a standard 8 oz/250 ml measuring cup which contains approximately 112 g of Pro Plan.

FEEDING FOR ADULT MAINTENANCE

It is important that you feed Pro Plan to your adult cat “free choice” throughout the day, rather than as just a single feeding only at mealtime. Food intake required to maintain ideal body condition will vary, depending on age, activity and environment. Watch your cat’s weight and adjust food amounts accordingly. If you have a kitten, or a pregnant or nursing cat, you should continue feeding an appropriate Pro Plan kitten formula.

MAKING THE SWITCH TO PRO PLAN

Although you’ll be anxious to see the difference Pro Plan can make in your cat, please allow 7 - 10 days to ease the transition from your cat’s current food. Each day, simply feed a little less of the previous food

and a little more Pro Plan until you're feeding Pro Plan exclusively. This gradual transition will help avoid dietary upsets.

FEED PRO PLAN URINARY TRACT HEALTH CHICKEN & RICE FORMULA EXCLUSIVELY
Pro Plan Urinary Tract Health Chicken & Rice Formula is formulated to be fed exclusively and should not be mixed with any other type of cat food. That's because Pro Plan Urinary Tract Health Chicken & Rice Formula is carefully balanced to reduce urinary pH and provide low dietary magnesium. By mixing in other products or switching to other brands, Pro Plan Urinary Tract Health Chicken & Rice Formula may no longer be effective in reducing urinary pH, which is essential in maintaining urinary tract health. For questions related to the health of your cat, see your veterinarian.

Provide adequate fresh water in a clean container daily.

For your pet's health, see your veterinarian regularly.
