Purina Beyond Simply White Meat Chicken & Whole Oat Meal Recipe is formulated to meet the nutritional levels established by the AAFCO Cat Food Nutrient Profiles for maintenance of adult cats.

RECOMMENDED DAILY FEEDING AMOUNTS

Weight of Cat		Feeding Amount	
(lbs)	(kg)	(cups)	(grams)
5 - 9	2.3 - 4.1	1/3 to 2/3	38 to 75
10 - 14	4.5 - 6.3	2/3 to 1	75 to 113

ADULT CAT FEEDING INSTRUCTIONS

These recommended feeding amounts are based on using a standard 8 oz/250 ml measuring cup which contains approximately 113 g of Purina Beyond. Use the recommended amount to fill your cat's bowl in the morning, so your cat can enjoy Purina Beyond throughout the day. Ideal body condition should be maintained by adjusting this amount based on your cat's age, activity and environment. Nutritional needs will change over time. You can best serve your pet by feeding the amount that maintains a healthy weight, whereby you can easily feel your cat's ribs

MAKING THE SWITCH TO PURINA BEYOND

Although you'll be anxious to see the difference Purina Beyond can make in your cat, please allow 7 - 10 days to ease the transition from your cat's current food. This will help avoid stomach upset. Each day, simply feed a little less of the previous food and a little more Purina Beyond until you're feeding Purina Beyond exclusively.

NO SUPPLEMENTS NECESSARY

Purina Beyond provides 100% complete and balanced nutrition for adult cats. There is no need to add vitamins, minerals or other supplements, unless specifically directed by a veterinarian.

FRESH WATER, PROPER DIET & VETERINARY CARE

Be sure to provide fresh water in a clean container for your cat daily. Proper diet, exercise and veterinary care are the best ways to keep your cat healthy. If your cat hasn't had a check-up in the past year, please make an appointment today.
