ALPO Prime Cuts Savory Beef Flavor is formulated to meet the nutritional levels established by the AAFCO Dog Food Nutrient Profiles for maintenance of adult dogs.

RECOMMENDED DAILY FEEDING AMOUNTS

Adult Dog Size (lbs)	Feeding Amount (cups)
3 - 12	1/2 to 1-1/4
13 - 20	1-1/4 to 1-2/3
21 - 35	1-2/3 to 2-1/3
36 - 50	2-1/3 to 3
51 - 75	3 to 3-3/4
76 - 100	3-3/4 to 4-3/4
Over 100	4-3/4 cups plus 1/4 cup for each 10 lbs of body weight over 100 lbs.

Using a standard 8 oz. measuring cup

FEEDING ADULT DOGS

The indicated amounts fed once daily are recommended for adult dogs with normal activity. Dogs should be maintained in ideal body condition and not allowed to become overweight. The food intake required to maintain ideal body condition will vary, depending on age, activity and environment. Consequently, the amount of food required for each dog will vary and should be adjusted accordingly. When feeding with an ALPO canned product, refer to the feeding instructions on the canned product for the proper mixing amounts.

FEEDING TIP

When switching your dog to ALPO Prime Cuts from another dog food, please allow 7 - 10 days for the transition. Each day feed more ALPO Prime Cuts and less of the previous food, until you're feeding ALPO Prime Cuts exclusively. This gradual transition will help avoid dietary upsets.

Provide adequate fresh water in a clean container daily.

For your pet's health, see your veterinarian regularly.
